Criticism of Life.
It is true, both in a positive and
negative sense, that life is the final test
of everything. There is no criticism
that in the sharpness and tremendous-
ness of judgment is equal to the criti-
cism of life. What can stand every as-
sault in time and in eternity? The
greatest convictions that we receive
from other people are not constructed
in us by their logic or their philosophy,
or their Christianity, but they are cre-
ated in us by their personality.

SPRING AILMENTS

There is an aching and tired feeling;
the liver, bowels and kidneys become
sluggish and inactive, the digestion im-
paired, with little or no appetite, no am-
bition for anything, and a feeling that
the whole body and mind needs toning
up. The trouble is, that during winter,
there has been an accumulation of waste
matter in the system. Herbine will re-
move it, secure to the secretions a right
exit, and by its tonic effect, fully restore
the wasted tissues and give strength in
place of weakness. 50c at People's drug
